A. Eligible Applicants.

Eligible applicants under this NOFA include:

Others (see text field entitled "Additional Information on Eligibility" for clarification)

Additional Information on Eligibility:

The competition is limited to the organizations identified in the Department of Housing and Urban Development Appropriations Act, 2014. These organizations are: Enterprise Community Partners, Inc. (formerly The Enterprise Foundation), the Local Initiatives Support Corporation (LISC), and Habitat for Humanity International. Specifically, the only applicants eligible for this competition are the three organizations located at the following addresses:

- Enterprise Community Partners, Inc., 11000 Broken Land Parkway, Suite 700, Columbia, MD 21044.
- Local Initiatives Support Corporation, 501 Seventh Avenue, 7th Floor, New York, NY 10018.
- Habitat for Humanity International, 121 Habitat Street, Americus, GA 31709.

Affiliates and local offices of these organizations and their community partners are not eligible to compete either directly or independently for capacity building grants under this notice, but rather may seek funding from the above organizations.

HUD does not award grants to individuals nor will HUD evaluate an application from an ineligible applicant. Additionally, if for-profit firms are eligible they are not allowed to earn a fee (i.e., make a profit from the project).

In accordance with 2 CFR 25.200, all applicants must have an active Data Universal Numbering System (DUNS) number (www.dnb.com) and have an active registration in the System for Award Management (SAM) (www.sam.gov) *before submitting an application*. Getting your DUNS number and SAM registration can take up to four weeks; therefore, you should start this process or check your status early.

B. Cost Sharing or Matching.

Federal sources are generally not allowed to be used as cost share or match unless otherwise permitted by a program's authorizing statute.

This Program requires an applicant to leverage resources through cost sharing or matching as described below.

Section 4(c) of the HUD Demonstration Act of 1993 requires that each dollar awarded must be matched by three dollars in cash or in-kind contribution obtained from private sources. The types of documentation accepted by HUD will be determined at the time the organization enters into a grant agreement. All match funds, including in-kind contributions, shall conform to the requirements of 24 CFR 84.23.

C. Other.

You must refer to Section III of the General Section for information on the following eligibility requirements. These requirements may, where applicable, determine whether your application is reviewed or make your application ineligible for funding:

- Resolution of civil rights matters;
- Compliance with nondiscrimination and other requirements, including but not limited to:
 - compliance with all applicable fair housing and civil rights laws;
 - affirmatively furthering fair housing;
- Delinquent Federal debts;
- Financial management systems that meet Federal standards;
- Debarment and/or suspension from doing business with the Federal Government;
- False statements;
- Do Not Pay review and compliance with the Improper Payments Elimination and Recovery Improvement Act of 2012;

1. Program Requirements

Eligible Activities and Priorities. Funds may be used to provide the following services:

- a. Training, education, support, and advice to enhance the technical and administrative capabilities of CDCs and CHDOs, including the capacity to participate in consolidated planning, as well as, in fair housing planning and Continuum of Care homeless assistance efforts that help ensure community-wide participation in assessing area needs; consulting broadly within the community; cooperatively planning for the use of available resources in a comprehensive and holistic manner; and assisting in evaluating performance under these community efforts and in linking plans with neighboring communities in order to foster regional planning;
- b. Loans, grants, development assistance, predevelopment assistance, or other financial assistance to CDCs and CHDOs to carry out community development and affordable housing activities that benefit low-income families and persons, including the acquisition, construction, or rehabilitation of housing for low-income families and persons, and community and economic development activities that create jobs for low-income persons; and;
- c. Such other activities as may be determined by the grantees in consultation with the Secretary or his or her designee.

Activities undertaken as part of, or as a result of, capacity building efforts described in this section shall support the implementation of other HUD programs, including but not limited to the Community Development Block Grant Program (CDBG), HOME Investment Partnerships, Housing Opportunities for Persons With AIDS (HOPWA), and the Continuum of Care program, in addition to issues related to sustainability and comprehensive neighborhood revitalization activities. Through these activities, grantees are encouraged to align with and support projects that create opportunities for transformative revitalization and investments focused on job growth, economic recovery, and neighborhood revitalization; this may

include leveraging existing place-based investments. Additionally, grantees are encouraged to consider how CDCs and CHDOs may align investments with regional planning for sustainable economic development if such efforts are underway in the jurisdiction.

In addition, activities should support HUD's Strategic Plan and priorities as described in Section I. of the General Section.

2. Other Statutory, Regulatory and Executive Order Requirements

a. Affirmatively Furthering Fair Housing. Consistent with the instructions in the General Section, applicants must submit with their application a description of how their proposed activities will affirmatively further fair housing. In developing their plans, applicants shall review the Analyses of Impediments to fair housing choice in the jurisdictions in which the activities will take place. Examples of activities that may address impediments to fair housing choice include: (1) Affirmative fair housing marketing that targets persons least likely to apply for housing, including outreach to underserved population groups or advocacy organizations representing such persons; (2) Increasing accessible housing for persons with disabilities in accordance with Section 504 of the Rehabilitation Act of 1973, the Fair Housing Act, and the Americans with Disabilities Act; (3) Planning new or rehabilitated housing in locations that provide greater housing choice and mobility opportunities for persons protected by the Fair Housing Act; (4) Providing language assistance services to persons with limited English proficiency; and (5) Addressing other impediments to fair housing choice identified in a jurisdiction's Consolidated Plan and Analysis of Impediments in coordination with local and regional non-profit community groups and governmental organizations. The proposed activities must address at least one of the following objectives: (1) help overcome any impediments to fair housing choice related to the assisted program or activity itself; (2) promote racially, ethnically, and socioeconomically diverse communities; or (3) promote housing-related opportunities that overcome the effects of past discrimination because of race, color, national origin, religion, sex, disability, and familial status.

b. Accessible Housing and Other Facilities. Housing and other facilities constructed or rehabilitated using funds under this NOFA are subject to federal accessibility requirements under Section 504 of the Rehabilitation Act, the Americans with Disabilities Act, the Fair Housing Act, and the Architectural Barriers Act, as applicable.

c. Accessibility of Training Facilities. In the conduct of training and educational courses successful applicants must give priority to methods that provide physical access to individuals with disabilities, i.e., holding the training or any other type of meeting in an accessible location in accordance with the regulations implementing Section 504 of the Rehabilitation Act of 1973 and Titles II and III of the Americans with Disabilities Act of 1990, as applicable. All programs or activities must be held in accessible locations unless the recipient can demonstrate that doing so would result in a fundamental alteration of the program or an undue financial and administrative burden, in which case the recipients must take any action that would not result in such an alteration or such burden but would nevertheless ensure that individuals with disabilities receive the benefits and services of the program or activity, e.g., training at an alternate accessible site, in-home training. Individuals with disabilities must receive services in the most integrated setting appropriate to their needs.

d. Effective Communications. Successful applicants must also ensure that notices of and communications during all training sessions and meetings are provided in a manner that is effective for persons with hearing, visual, and other communications-related disabilities consistent with Section 504 of the Rehabilitation Act of 1973 (24 CFR 8.6), and as applicable, the Americans with Disabilities Act. This includes ensuring that training materials are in appropriate alternative formats as needed, e.g., Braille, audio, large type, sign language interpreters, and assistive listening devices, etc. All products and tools for capacity building must be accessible in accordance with Section 504 of the Rehabilitation Act of 1973 (see, for example, 24 CFR 8.6, on effective communications).

e. Accessible Technology. Section 508 of the Rehabilitation Act (Section 508) requires the Department to

ensure, when developing, procuring, maintaining, or using electronic and information technology (EIT), that the EIT allow persons with disabilities to access and use information and data on a comparable basis as is made available to and used by persons without disabilities. Providing access on a comparable basis means ensuring that the EIT is in compliance with the Section 508 standards adopted by the U.S. Access Board (www.access-board.gov/guidelines-and-standards/communications-and-it/about-the-section-508-standards/section-508-standards). Section 508 covers, but is not limited to, computers (hardware, software, word processing, email, and Internet sites), fax machines, copiers and telephones. Among other things, Section 508 requires that EIT allow individuals with disabilities who are federal employees or members of the public seeking information or services to have access to and use of information and data on a comparable basis as that made available to employees and members of the public without disabilities unless an undue burden would result to the federal department or agency. Where an undue burden exists to the federal department or agency, alternative means may be used to allow an individual with disabilities use of the information and data. Section 508 does not require that information services be provided at any location other than a location at which the information services are generally provided. The Department encourages its funding recipients to adopt the goals and objectives of Section 508 by ensuring, whenever EIT is used, that persons with disabilities have access to and use of the information and data made available through the EIT on a basis comparable as is made available to and used by persons without disabilities. This does not affect recipients' required compliance with Section 504 of the Rehabilitation Act and, where applicable, the Americans with Disabilities Act. Applicants and recipients seeking further information on accessible technology are directed to www.section508.gov.

f. Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency (LEP)." Executive Order 13166 seeks to improve access to federally assisted programs and activities for individuals who, as a result of national origin, are limited in their English proficiency. Applicants obtaining federal financial assistance from the Department shall take reasonable steps to ensure meaningful access to their programs and activities to LEP individuals. As an aid to recipients, the Department published Final Guidance to Federal Financial Assistance Recipients: Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons (LEP Guidance) in the Federal Register on January 22, 2007 (72 FR 2732). For assistance and information regarding LEP obligations, go to www.justice.gov/crt/lep/guidance/HUD_guidance_Jan07.pdf. For more information on LEP, please visit www.hud.gov/offices/fheo/promotingfh/lep.cfm.

g. Economic Opportunities for Low- and Very Low-income Persons (Section 3). Section 3 of the Housing and Urban Development Act of 1968. Applicants must certify that the applicant and all subgrantees shall comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701u) and HUD's implementing regulations at 24 CFR part 135, which require recipients to ensure, to the greatest extent feasible, that training, employment and contracting opportunities will be directed to Section 3 residents and to Section 3 business concerns. Additional information on these requirements can be found at <http://www.hud.gov/section3>.

Applicants must also ensure that their subgrantees have a feasible Section 3 plan to direct new employment and contracting opportunities created during the expenditure of covered financial assistance to Section 3 residents and Section 3 business concerns, and that their subgrantees demonstrate compliance with the requirements of Section 3 by reporting their activities in the Section 3 Annual Summary Report (Form HUD-60002).

h. Lead Requirements. When providing housing assistance funding for purchase, lease, support services, operation, or work that may disturb painted surfaces, of pre-1978 housing, you must comply with the lead-based paint evaluation and hazard reduction requirements of HUD's lead-based paint rules (Lead Disclosure; and Lead Safe Housing (24 CFR part 35)) and EPA's lead-based paint rules (e.g., Repair, Renovation and Painting; Pre-Renovation Education; and Lead Training and Certification (40 CFR part 745)).

Applications must be received no later than the deadline. Please refer to the General Section for more information about timely receipt of applications.

Your application must be **both received and validated** by Grants.gov. Your application is “received” when Grant.gov provides you a confirmation of receipt and an application tracking number. **If you do not see this confirmation and tracking number, your application has not been received.**

After your application has been received, your application still must be validated by Grants.gov. During this process, your application may be “validated” or “rejected with errors.” To know whether your application was rejected with errors and the reason(s) why, you must log into Grants.gov, select “Applicants” from the top navigation, and select “Track my application” from the drop-down list. If the status is “rejected with errors,” you have the option to correct the error(s) and resubmit your application before the Grace Period ends. **If your application was “rejected with errors” and you do not correct these errors, HUD will not review your application.** If your status is “validated” your application will be forwarded to HUD by Grants.gov.

Grace Period for Grant.gov Submissions: If your application is received by Grants.gov before the deadline, but is rejected with errors, you have a grace period of one day beyond the application deadline to submit a corrected application that is received and validated by Grants.gov. V. Application Review Information

A. Review Criteria.

A.1. Rating Factors.

Rating Criteria. The maximum number of points to be awarded for a capacity building application is 104, which includes Rating Factors 1 through 5, two NOFA policy priority points and two bonus points. Applicants that undertake activities that result in achievement of specific NOFA Priorities listed below are eligible to receive additional points in the rating of their application. These points will be considered only if the application meets or exceeds the Program's minimum fundable score based on the rating factors of this NOFA. The minimum score for an application to be considered for funding is 75. Two bonus points will be awarded for working with communities that have acquired Preferred Sustainable Status, as described in Section V.A.1.b of the General Section.

Points are assigned based on applicant responses to five factors. When addressing Factors 2 through 5, applicants should discuss the activities that will be carried out with Section 4 Capacity Building funds during the term of the grant agreement. Submissions should provide relevant examples to support the proposal, where appropriate. Submissions should also be specific when describing the communities, populations, and organizations that they propose to serve and the specific outcomes expected as a result of the activities.

Rating Factor 1 - Capacity of Applicant and Relevant Organizational Experience	Maximum Points: 2
---	--------------------------

Factor 1 relates to the capacity of the applicant and its relevant organizational experience. Rating of the “applicant” or the “applicant's organization and staff” includes in-house staff and any subcontractors and subrecipients who are firmly committed to the project. In responding to Factor 1, applicants should specify the experience, knowledge, skills, and abilities of the applicant’s organization and staff and of any persons and organizations firmly committed to the project. Please do not include the Social Security Numbers of any staff.

Knowledgeable key personnel skilled in providing one or more of the eligible activities for the Section 4 Capacity Building program; a sufficient number of staff, or ability to procure qualified experts or professionals, with the knowledge, skills, and abilities to deliver the proposed level of services in the proposed service area in a timely and effective fashion; and an ability to provide capacity building in urban and rural settings.

In rating this factor, HUD will consider the extent to which the application demonstrates that the organization has an adequate number of key staff or the ability to procure individuals with the knowledge of effective capacity building approaches, knowledge of developing affordable housing and community development activities, and subject matter expertise.

Rating Factor 2: Need/Extent of the Problem

Maximum Points: 20

Sound and extensive understanding of need for capacity building in relation to the eligible activities and priorities identified in Section III.C. of this NOFA, as demonstrated by objective information and/or data, such as information from current census data, the American Housing Survey, or other relevant data sources. Applicants must demonstrate sound and extensive understanding of high-priority needs in urban and rural settings for CHDOs and CDCs, as demonstrated by objective information and/or data.

In rating this factor, HUD will evaluate the extent to which the application demonstrates an understanding of the specific needs for capacity building and supports the description of need with reliable, program-specific, quantitative information.

Rating Factor 3: Soundness of Approach

Maximum Points: 40

a. (20 points) A sound approach for addressing the need for eligible capacity building activities and the priorities identified in Section III.C. of this NOFA that will result in positive outcomes.

In rating this factor, HUD will evaluate the extent to which the application presents and supports a detailed, feasible, and practical approach for addressing capacity building needs; including techniques, time frames, goals, and intended beneficiaries, and the likelihood that these activities will be cost-effective and will result in the ability of the organization receiving technical assistance to commence work on specific housing and community development activities by the end of the performance period.

b. (10 points) A feasible work plan for designing, organizing, managing, and carrying out the proposed capacity building activities. The work plan should be as specific as possible in describing the design, organization and management of the proposed activities.

In rating this factor, HUD will evaluate the extent to which the application demonstrates the efficiency of the design, organization, and management of the proposed activities.

c. (9 points) An effective assistance program to specific disadvantaged communities, populations, and/or organizations that previously have been underserved and have the potential to participate in the Section 4 Capacity Building program (such as neighborhoods identified as high risk foreclosure areas, the Neighborhood Revitalization Strategy Areas designated by HUD, Colonias, Appalachia’s distressed counties, the lower Mississippi Delta region, or locally designated community development target areas).

In rating this factor, HUD will evaluate the extent to which the applicant:

- (1) has identified and documented, using reliable data, specific communities, populations, or organizations that lack access to economic, educational, social or housing opportunity; and
- (2) has developed an effective strategy for engaging the participation of those communities, populations, or organizations in the capacity building program to promote equal access to economic, educational, social or housing opportunities locally and/or across regions.

d. (1 point) Applicants should describe how they will comply with Section 3 of the Housing and Urban Development Act and HUD's implementing rules at 24 CFR Part 135 to provide employment and training opportunities for low- and very low-income persons, as well as contracting and other economic opportunities for businesses that provide economic opportunities to low- and very low-income persons.

While contractors, subcontractors or sub-grantees receiving contracts under the grant totaling \$100,000 or less need not meet the Section 3 requirements as a regulatory mandate, all grantees that receive awards exceeding \$200,000 in Section 3 Covered assistance are required to comply with Section 3 requirements. Additional information regarding all Section 3 requirements can be found in Section III.C.3(b) of the Technical Correction to the General Section.

In this Rating Factor, HUD will evaluate the applicant's description of how Section 3 requirements will be accomplished by identifying the number of new jobs, contracts, and training opportunities that applicable project activities will generate and an applicant's strategies for targeting Section 3 residents and businesses for such economic opportunities.

Rating Factor 4: Leveraging Resources

Maximum Points: 10

This factor evaluates the applicant's ability to leverage (secure) public and/or private sector resources (such as financing, supplies, or services) from sources other than Section 4 Capacity Building that can be added to Section 4 Capacity Building funds to perform eligible activities and sustain the applicant's proposed project. Applicants that achieve a leverage ratio of at least ten-to-one shall be awarded the maximum ten points. Applicants achieving a lesser ratio shall be awarded the points proportionate to their documented leverage. To document leveraging for the FY2014 NOFA, applicants should report their actual results in leveraging Section 4 Capacity Building-assisted projects in Federal Fiscal Year 2013 (October 1, 2012 – September 30, 2013).

Applicants must note that leveraging resources are considered additional resources beyond and above the statutorily required 3:1 matching resource requirement and cannot be counted towards the statutory match requirement.

Rating Factor 5: Achieving Results and Program Evaluation

Maximum Points: 28

a. (5 points) An effective, quantifiable evaluation plan for measuring performance with specific outcome measures and benchmarks, and performance improvements.

In rating this factor, HUD will evaluate the extent to which the application has an evaluation plan that includes outcomes that are specific, measurable, and appropriate in relation to the activities proposed. HUD is committed to ensuring that programs result in the achievement of HUD's strategic mission. To support this effort, grant applications submitted for HUD programs will be rated on how well they tie proposed outcomes to HUD's policy priorities and annual goals and objectives, as well as the quality of the applicant's proposed evaluation and monitoring plans. HUD's strategic framework establishes the goals and objectives for the Department. Please refer to Section A and Appendix A of the General Section.

The application should, at a minimum, discuss those performance indicators that have been developed

for use by HUD and the Office of Management and Budget (OMB) in evaluating the Section 4 Capacity Building program. These measures include: (1) the annual number of homes renovated, preserved, or newly constructed; (2) the annual number of trainings created and provided to CDCs; (3) the long-term total development cost estimate of community development projects funded by CDCs; and (4) the efficiency measure of per-unit cost of capacity building for housing units developed or renovated.

Applicants should also outline any other short- or long-term outcomes that are indicators of their program's performance.

b. (23 points) Successful past performance in administering HUD's Section 4 Capacity Building program including meeting all match requirements.

(1) (8 points) This rating factor reflects HUD's goal to embrace high standards of ethics, management, and accountability. Applicants should include, as applicable, increases in Community Planning and Development (CPD) or affordable housing and community development program accomplishments as a result of capacity building (e.g., number of affordable housing units developed, number of trainings delivered to CDCs and CHDOs, growth of CDC and CHDO capacity over time, efficiency or effectiveness of administration of CPD or community development programs, timeliness of use of CPD or community development program funds, and project development investment and leveraging efficiencies). Applicants should discuss how their work plan activities contributed to, or resulted in, the achievement of program goals and outcomes.

In rating this factor, HUD will evaluate the extent to which the applicant demonstrates successful performance within the last four years that was timely, cost-effective, and resulted in positive outcomes in the delivery of capacity building for affordable housing and community development. HUD will consider past performance of current Section 4 Capacity Building grantees, including financial, monitoring, and other information in HUD's files.

(2) (15 points) Timely Expenditure of Section 4 Grant Funds. This rating factor reflects HUD's goal to embrace high standards of ethics, management, and accountability. Applicants should describe the timeliness of expenditure of Section 4 Program funds during the most recent four year period (2009 – 2012). The description must include the following for the four year period:

1. The applicant's total amount of Section 4 Program grant awards from HUD,
2. The amount of the Section 4 funds committed to eligible activities as evidenced by a HUD approved work plan,
3. The amount of Section 4 funds expended as of the date of the publication of this NOFA,
4. The balance of funds remaining undisbursed from the applicant's total amount of Section 4 Program grant awards from HUD, and
5. The ratio of the total amount of Section 4 grant fund awards received during the four year period to the amount of Section 4 grant funds disbursed during the four year period.
6. If all Section 4 funds for Fiscal Year 2009 to 2012 grant awards have not been firmly committed to activities as evidenced by a HUD approved workplan, applicants should also describe the steps taken by the applicant or steps being taken by the applicant to commit the funds to approvable activities within the grant period.

In rating this factor, HUD will evaluate the extent to which the applicant demonstrates successful past performance in the timely expenditure of Section 4 grant funds and the soundness of the grantee's approach for timely committing and expending any uncommitted or unexpended grant funds.

A.2. NOFA Priorities.

HUD encourages applicants for funding to undertake programs and projects that contribute to HUD's NOFA Priorities. Applicants that undertake activities that result in achievement of specific NOFA Priorities listed below are eligible to receive additional points in the rating of their application. These points will be considered only if the application meets or exceeds the Program's minimum fundable score based on the rating factors of this NOFA.

Policy Priority #1: Affirmatively Furthering Fair Housing (1 point)

Applicants may receive one point for demonstrating the following:

A. Capacity to Provide TA in Civil Rights and Fair Housing Law: Applicants may earn 1 point for demonstrating the applicant's capacity (including, but not limited to, staff expertise or prior organizational experience offering civil rights and fair housing technical assistance) to provide, and plan to incorporate, technical assistance on civil rights and fair housing so that clients are better prepared to comply with the civil rights and fair housing laws applicable to the program.

Policy Priority #2: Increase Energy Efficiency AND the Health and Safety of Homes (1 point)

A. Comprehensive assessments of and interventions in homes for rehabilitation, health and energy deficiencies (1 point): The applicant must demonstrate a high degree of technical expertise (through past performance or staff competencies) in, and commit to, encouraging and assisting technical assistance recipients to identify specific projects and activities that will comprehensively assess housing units for rehabilitation, health and energy deficiencies and coordinate interventions across multiple disciplines, and address the risks based on the comprehensive assessment. Health intervention measures include lead hazard control, allergen reduction, mold and moisture remediation; or other measures designed to result in decrease in symptom days, emergency treatment or inpatient hospital stays for asthmatic residents; decrease in numbers of safety related injuries taking place in the home; decrease in number of homes with residents who smoke or increase in the number of multifamily properties (privately owned unassisted or HUD-assisted housing, or public housing) where smoking is prohibited on the property; any other measurable outcome that demonstrates the positive health impact of comprehensive housing assessments, home/health focused education, integrated pest management techniques or other health related property improvements and/or property management practices. Applicants must include a description of how outcomes through this process will be measured including effectiveness measures of training, outreach, and reviews and recommendations regarding of technical assistance recipient procedures and documentation, in improving resident health, residential energy usage and access to job training/job opportunities for low income residents. Specific measures of success or performance for this priority include the percentage of technical assistance recipients that receive assistance that successfully achieves those outcomes.

Applicants should demonstrate how their programs will help technical assistance recipients coordinate housing services across the housing, health and energy disciplines, including the use of common assessment tools, cross training of staff in multiple competencies, standardization of intake forms and processes. For more information on mitigating housing-related health hazards, applicants should review HUD's Healthy Homes Strategic Plan, www.hud.gov/offices/lead/library/hhi/hh_strategic_plan.pdf, and the CDC-HUD Healthy Housing Reference Manual www.cdc.gov/nceh/publications/books/housing/housing_reference_manual.htm, or www.hud.gov/offices/lead/library/hhi/HealthyHousingReferenceManual.pdf.

Applicants should encourage technical assistance recipients to coordinate the delivery of housing repair/rehabilitation with community, hospital or public health programs that utilize community health workers, Promotores(as), health educators or other similar positions that assesses the indoor quality of home environments for conditions that may impact resident health, for example, in the coordination of rehabilitation activities with programs that assess the home environments of asthmatic children for asthma triggers.

A.3. Bonus Points

HUD encourages activities in communities with Preferred Sustainability Status (PSS) and/or Promise Zones (PZ). HUD will award two (2) points for qualified activities supporting either designation or both. In no case will HUD award more than two bonus points for these activities. The criteria and documentation that must be provided to receive these points are detailed in Section V of the General Section. These points will be considered only if the application meets or exceeds the Program's minimum fundable score based on the rating factors of this NOFA.

B. Reviews and Selection Process.

1. Review Types. Two types of reviews will be conducted. First, HUD will review each application to determine whether it meets threshold eligibility requirements. Second, HUD will review and assign scores to eligible applications using the Factors for Award noted under Criteria, Section V.A.

2. Threshold Eligibility Requirements. All applicants must be in compliance with the threshold requirements found in the General Section and the eligibility requirements listed in Section III of this NOFA in order to be reviewed, scored, and ranked. Applications that do not meet these requirements and applications that were received after the deadline (see Section III.C. of the General Section) will be considered ineligible for funding.

3. Rating. HUD will rate all eligible applications that meet the Threshold Requirements against the criteria in Rating Factors 1 through 5 and assign a rating score. The maximum total rating score for the five Rating Factors is 100 points. An applicant can receive two additional points by responding to the NOFA Policy Priorities. HUD will also award two bonus points to applicants that meet the Preferred Sustainable Communities Status criteria. An applicant can receive a possible total of 104 points which includes Rating Factors 1 through 5, NOFA Policy Priorities and Preferred Sustainable Communities Status Bonus Points.

4. Minimum Rating Score. Applicants must receive a total rating score of 75 points or more for Rating Factors 1 through 5 (without the addition of the NOFA Policy Priorities points and Preferred Sustainable Communities Status bonus points) to be eligible for funding. HUD will reject any application that does not meet the minimum rating score requirements.

5. Ranked Order. After adding any NOFA Policy Priorities points and bonus points for Preferred Sustainable Communities Status, HUD will place eligible applications that meet the minimum rating score requirements in ranked order. Applicants within the fundable range of 75 or more points will be funded in ranked order up to the amount requested, or in a lesser amount if sufficient funds are not available. HUD reserves the right to adjust funding to meet urgent policy priorities.

C. Anticipated Announcement and Award Dates.

TO BE DETERMINED

VI. Award Administration Information.

A. Award Notices.

HUD will send written notifications to both successful and unsuccessful applicants. A notification sent to a successful applicant is not an authorization to begin performance or to incur costs.

After selection for funding and execution of a grant agreement, each grantee will submit to HUD a specific work and funding plan for each community it proposes to serve, showing when and how the federal funds and matching funds will be used. The work plan must be sufficiently detailed, including budget and match information, for monitoring purposes and must identify the performance goals and objectives to be

achieved. HUD will approve the work plan or notify the grantee of matters that need to be addressed prior to approval. Work plans may be developed for less than the full dollar amount and term of the award, but no HUD-funded costs may be incurred for any activity until the work plan is approved by HUD. All activities are also subject to the environmental requirements in Section VI.B.1. of this notice.

Consistent with Section III.C.4.f of the General Section and 24 CFR 84.42, after selection, but prior to award, applicants selected for funding will be required to provide HUD with a written Code of Conduct. An applicant who previously submitted an application and included a copy of its code of conduct will not be required to submit another copy if the applicant is listed on <http://www.hud.gov/offices/adm/grants/codeofconduct/cconduct.cfm> and the information has not been revised.

B. Administrative and National Policy Requirements.

Certain Administrative and National Policy Requirements apply to all HUD programs, including this NOFA. For a complete list of these requirements, see Section VI.B. of the General Section.

1. Environmental Review. Individual project sites to be funded by awards under this NOFA may not be known at the time the individual grant agreements are awarded and also may not be known when some of the individual subgrants are made. Selection for funding does not constitute approval of individual project sites. After selection for funding, HUD will perform an environmental review of individual sites in accordance with 24 CFR Part 50, as applicable, when the sites are identified. Therefore, in accordance with 24 CFR 50.3(h), the application shall contain assurances to HUD that the applicant agrees to assist HUD to comply with 24 CFR Part 50, and will: 1) supply HUD with all available, relevant information necessary for HUD to perform for each property any environmental review required by 24 CFR Part 50; 2) carry out mitigating measures required by HUD or select alternate eligible property; and 3) not acquire, rehabilitate, convert, lease, repair, demolish or construct property, nor commit or expend HUD or local funds for these program activities with respect to any eligible property, until HUD approval of the property is received.

2. Real Property Acquisition and Relocation. Except as otherwise provided by federal statute, HUD-assisted programs or projects are subject to the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (Uniform Act or URA) (42 U.S.C. 4601-4655), and the government-wide implementing regulations issued by the Federal Highway Administration at 49 CFR part 24. The Uniform Act applies to acquisitions of real property and displacements resulting from the acquisition, rehabilitation, or demolition of real property for Federal or federally-assisted programs or projects. With certain limited exceptions, real property acquisitions for a HUD-assisted program or project must comply with 49 CFR part 24, subpart B.

3. Participation in a HUD-Sponsored Program Evaluation. As a condition of the receipt of financial assistance under a Program NOFA, all successful applicants will be required to cooperate with all Department staff, contractors, or designated grantees performing Department-funded research or evaluation studies.

4. OMB Circulars and Governmentwide Regulations Applicable to Financial Assistance Programs. OMB recently published Guidance for Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards which will supersede the OMB circulars. When HUD regulations implementing the new OMB guidance become effective, the applicant will be required to comply with them. See technical corrections to the General Section. In the interim, awards under this NOFA will be governed by 24 CFR part 84 (Uniform Administrative Requirements), 2 CFR 230 (formerly OMB Circular A-122) (Cost Principles for Non-profit Organizations), and OMB Circular A-133 (Audits of States, Local Governments, and Non-Profit Organizations). Copies of OMB Circulars may be obtained from the Executive Office of the President's (EOP) Publications Office, Room 2200, New Executive Office Building, Washington, DC 20503, telephone number (202) 395-3080 (this is not a toll-free number) or (800) 877-8339 (a toll-free number for the TTY Federal Relay Service, for hearing- or speech

impaired persons). Information also may be obtained from the OMB website at http://www.whitehouse.gov/omb/grants_circulars for a copy of the regulations, which continue to apply until HUD implements 2 CFR part 200.

5. Drug-Free Workplace. Applicants awarded funds from the Department are subject to 2 CFR part 2429, which implements the Drug-Free Workplace Act of 1988 (41 U.S.C. 701, et seq.), as amended, and required to provide a drug-free workplace. Compliance with this requirement means that the applicant will:

a. Publish a statement notifying employees that it is unlawful to manufacture, distribute, dispense, possess, or use a controlled substance in the applicant's workplace and such activities are prohibited. The statement must specify the actions that will be taken against employees for violation of this prohibition. The statement must also notify employees that, as a condition of employment under the federal award, they are required to abide by the terms of the statement and that each employee must agree to notify the employer in writing if the employee is convicted for a violation of a criminal drug statute occurring in the workplace, no later than 5 calendar days after such conviction.

b. Establish an ongoing drug-free awareness program to inform employees about:

- (1) The dangers of drug abuse in the workplace;
- (2) The applicant's policy of maintaining a drug-free workplace;
- (3) Available drug counseling, rehabilitation, or employee assistance programs; and
- (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace.

c. Notify the Department and other federal agencies providing funding in writing within 10 calendar days after receiving notice from an employee of a drug abuse conviction or otherwise receiving actual notice of a drug abuse conviction. The notification must be provided in writing to the Department's Office of Strategic Planning and Management, Grants Management Division, Department of Housing and Urban Development, 451 7th Street, SW, Room 3156, Washington DC 20410-3000, along with the following information:

- (1) The program title and award number for each departmental award covered;
- (2) The Department's staff contact name, telephone and fax numbers;
- (3) A grantee contact name, telephone and fax numbers; and
- (4) The convicted employee's position and title.

d. Require that each employee engaged in the performance of the federally funded award be given a copy of the drug-free workplace statement required in item (a) above and notify the employee that one of the following actions will be taken against the employee within 30 calendar days of receiving notice of any drug abuse conviction:

- (1) Institution of a personnel action against the employee, up to and including termination consistent with requirements of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended; or
- (2) Imposition of a requirement that the employee participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health, law enforcement, or

other appropriate agency.

e. Identify to the agency making the award all known workplaces under the award. The workplace identification must include the actual address of buildings or other sites where work under the award will take place. The applicant must also inform the agency of any workplace changes during the performance of the award. The identification of the workplaces must occur either:

(1) At the time of application or upon award; or

(2) In documents the applicant keeps on file in its offices during performance of the award, in which case the applicant must make the information available for inspection upon request by the agency.

C. Reporting.

Please refer to Section VI of the General Section for a description of the general reporting requirements applicable to this NOFA.

1. Grantees will be required to report to HUD, as specified in the grant agreement. Performance reports shall include reports on both performance and financial progress under work plans and shall include reports on the commitment and expenditure of private matching resources utilized through the end of the reporting period. Reports shall conform to the reporting requirements of 24 CFR part 84.
2. Additional information or increased frequency of reporting may be required by HUD at any time during the grant agreement, if HUD finds such reporting to be necessary for monitoring purposes or to comply with government-wide reporting requirements. Additional reporting requirements may be required by the General Section in conjunction with selected HUD NOFA policy priorities under Section V.A.2 of this NOFA.
3. To further the consultation process and share the results of progress to date, the Secretary may require grantees to present and discuss their performance reports at annual meetings in Washington, DC, during the life of the award.
4. The performance reports must contain the information required under 24 CFR part 84, including a comparison of actual accomplishments with the objectives and performance goals of the work plans. In the work plans, each grantee will identify performance goals and objectives or policy priorities established for each community in which it proposes to work and appropriate measurements under the work plan, such as the number of housing units and facilities each CDC or CHDO produces annually during the grant period and the average cost of such units. The performance reports will also include a discussion of the reasonableness of the unit costs, the reasons for slippage if established objectives and goals are not met, and additional pertinent information.
5. A final performance report, in the form described in paragraph (1) immediately above, shall be provided to HUD by each grantee within 90 days after the completion date of the award.
6. Federal Financial Reports (SF425) shall be submitted semi-annually.
7. Transparency Act Reporting.

(1) Recipient Reporting to Meet the Requirements of the Federal Financial Assistance Accountability and Transparency Act of 2006, as amended.

(a) Prime Awardee Reporting. Prime recipients of HUD financial assistance are required to report subawards in the federal government-wide website www.fsrs.gov or its successor system. Starting with awards made October 1, 2010, prime financial assistance awardees receiving funds directly from HUD are required to report subawards and executive compensation information both for the prime award and subaward recipients, including awards made as pass-through awards or awards to vendors, where both the initial award is \$25,000 or greater or the cumulative award will be \$25,000 or greater if funded

incrementally as directed by HUD in accordance with OMB guidance. If subaward recipients' executive compensation is reported through the System of Award Management (SAM), the prime recipient is not required to report this information. The reporting of award and subaward information is in accordance with the requirements of Federal Financial Assistance Accountability and Transparency Act of 2006, as amended by section 6202 of Public Law 110-252, hereafter referred to as the "Transparency Act" and OMB Guidance issued to the Federal agencies on September 14, 2010 (75 FR 55669) and in OMB Policy guidance. The prime awardee will have until the end of the month plus one additional month after a subaward or pass-through award is obligated to fulfill the reporting requirement. Prime recipients are required to report the following information for applicable subawards. This information will be displayed on a public government website pursuant to the Transparency Act.

- (i) Name of entity receiving award;
- (ii) Amount of award;
- (iii) Funding agency;
- (iv) North American Industry Classification System (NAICS) code for contracts/CFDA program for financial assistance awards;
- (v) Program source;
- (vi) Award title descriptive of the purpose of the funding action;
- (vii) Location of the entity (including Congressional district);
- (viii) Place of Performance (including Congressional district);
- (ix) Unique identifier of the entity and its parent; and
- (x) Total compensation and names of top five executives.

For the purposes of reporting into the FFATA Sub-award Reporting System (FSRS) reporting site, the unique identifier is the DUN and Bradstreet Universal Numbering System (DUNS) number the entity has obtained from Dun and Bradstreet, and for Prime awardees the DUNS number registered in SAM as required by HUD regulation 24 CFR 5.1004.

(b) Prime Grant Awardee Executive Compensation Reporting. Prime awardees must also report in the government-wide website the total compensation and names of the top five executives in the prime awardee organization if:

- (i) More than 80% of the annual gross revenues are from the Federal government, and those revenues are greater than \$25 million annually; and
- (ii) Compensation information is not readily available through reporting to the Securities Exchange Commission (SEC.)

(c) Subaward Executive Compensation Reporting. Prime awardees must also report in the government-wide website the total compensation and names of the top five executives in the subawardees if:

- (i) More than 80% of the annual gross revenues are from the Federal government, and those revenues are greater than \$25 million annually; and
- (ii) This required compensation information is not readily available through reporting to the Securities Exchange Commission (SEC). If the subaward recipient's executive compensation is reported through SAM, the prime recipient is not required to report the information again.

(d) Transparency Act Reporting Exemptions. The Transparency Act exempts any sub-awards less than \$25,000 made to individuals and any sub-awards less than \$25,000 made to an entity whose annual expenditures are less than \$300,000. Subawards with a cumulative total of \$25,000 or greater are subject

to subaward reporting beginning the date the subaward total award amount reaches \$25,000. The Transparency Act also prohibits reporting of any classified information. Any other exemptions to the requirements must be approved by the Office of Management and Budget.

NOTE: For the purposes of FFATA reporting requirements, “prime grant awardee” includes awardees of capital advances for the Section 202 Housing for the Elderly and Section 811 Housing for Persons with Disabilities programs.

8. Compliance with Section 872 of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 (Pub. L. 110-417), hereafter referred to as “Section 872.” Section 872 requires the establishment of a government-wide data system – the Federal Awardee Performance and Integrity Information System (FAPIIS) - to contain information related to the integrity and performance of entities awarded federal financial assistance and making use of the information by federal officials in making awards. OMB is in the process of issuing regulations regarding federal agency implementation of section 872 requirements. A technical correction to this General section may be issued when such regulations are promulgated.

9. Race and Ethnic Data Reporting. HUD requires grantees that provide HUD program benefits to individuals or families to report data on the race and ethnicity of those receiving such benefits. Grantees that provide benefits to individuals during the period of performance, whether directly, through subrecipients, or through contractual arrangements, must report the data using form HUD-27061, Race and Ethnic Data Reporting Form. HUD will provide instructions to grantees on how the form is to be submitted.

VII. Agency Contact(s).

HUD staff will be available to provide clarification on the content of this NOFA. Please note that HUD staff cannot assist applicants in preparing their applications.

VIII. Other Information.

HUD is required to comply with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520). This Act governs the collection of information from the public including responses to this NOFA. HUD may not collect this information, and you are not required to complete these forms unless they display current, valid OMB control number(s). The results of this collection will not be published or be used for statistical purposes.

A Finding of No Significant Impact (FONSI) with respect to the environment has been made for this NOFA in accordance with HUD regulations at 24 CFR Part 50, which implement section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)). The FONSI is available for inspection at HUD's Funds Available web page at http://portal.hud.gov/hudportal/HUD?src=/program_offices/administration/grants/fundsavail.
